# SECRET CRUSHES

*Dear reader, we have to admit that even we were surprised at how much mail we got for Nikki Benz, covergirl of the last issue of Swank (#245). So we're presenting just a small sliver of her adoring (and horny) fans. Sit back and enjoy!*

I loved her as a blonde, and I love her just as much as a brunette. Few ladies in the adult industry can pull that off and still be just as popular (just one lady's opinion). I've been a follower of Nikki's for many years now. My boyfriend at the time showed me a video with her in it and I was mesmerized. Some time later he and I split, and because I told him that I wanted to experiment with girls. He did not like that. I never told him (until now if he reads this!) that it was watching Nikki that I wanted to try girls. Her pussy eating seemed so effortless and genuine. I wanted to try it and have a woman's soft mouth eat me out! Well, I did it, and couldn't be happier.

*— Naomi, New Jersey*

This note is for Nikki Benz, your cover girl and centerfold in my issue of Swank. Since I can't tell her in person, I hope you will forward my comments. I'd like to tell her that I'm one of her biggest fans in the whole wide world. As a matter of fact, my girlfriend kinda resembles her now that Nikki's got darker hair. They both have great boobs, and I like that. My lady and I will seek out her videos on the internet and pour ourselves a nice tall glass of wine; strip down to nothing, and sit on our oversized sofa and masturbate each other to Nikki having sex on our TV. We have a bet that whoever can hold off cumming before the wine glass is finished, the other has to go down on them. Needless to say, we never finish the wine, but do the oral sex part as we sneak glances back at Nikki having sex on the screen. Hot!

*— Allen B., Tampa, FL*

# Wishful Thinking

*Brooklyn Chase*

I've been asked why fans can't find videos and photos of me as a younger performer and I have to tell them that I didn't get into the business until my mid twenties. Then I tell them that they should look at those earlier images as my younger years and be happy!

## Wishful Thinking

# Brooklyn Chase

*Us: Brooklyn Chase is on her way to meet me for our interview. She's a few minutes late but I don't mind because my expectation is so great.*

**Brooklyn:** Hi, I recognize you! Weren't you...

*Us: ...Yes, interviewing Brandi at the cafe around the corner.*

**Brooklyn:** Yeah, well, hi again. I'm flattered that you want to talk to me.

*Us: I've wanted to meet and speak with you for the last couple years and have even reached out to you but to no avail.*

**Brooklyn:** We're here now,. I'll tell you anything you want to know, so fire away.

*Us: Ok, What's it like having a job where you can be naked at work?*

**Brooklyn:** Wow, right into it, huh. It took me a while to get used to it, to be naked in front of a camera and all those people. The intimate nudity I could handle easily, but the rest, I'd always have a robe nearby, but now I love being naked. Having been in the biz for several years now, it's just a part of your day, and that's cool.

*Us: If it's not too personal, I assume you masturbate, so what do you think about when you do?*

**Brooklyn:** I don't masturbate often enough because I think I'm pretty sexually charged. My personal life has taken a back seat to my professional life, and for

## Wishful Thinking

# Brooklyn Chase

now that's okay. I tend to get enough sex at work, and often come home too tired to do myself.

**Us:** Now that you're a bona fide porn star, what do you like best about it?

**Brooklyn:** The best thing about being a porn star is not having to be myself. I like playing different roles. For me, I like that better than the gonzo type of shoots. I like playing dress up, hair, makeup and playing someone other than myself. I get to star as a MILF, cop, cowgirl, movie star, and one time I even played an alien. And of course there's the sex. Yes, the sex. I actually enjoy it and don't really look at it like a job, although I know it is. My sexual needs and well as my sexual fantasies get fulfilled.

**Us:** I'm glad you brought that up... what sexual fantasies have come true since you started working in porn?

**Brooklyn:** Before I got into the business, I would fantasize a lot, especially about girls, and scenarios where I would be a character, like Mata Hari or Lady Godiva. That's actually one of the main reasons. I would have to say that porn has helped me realize some of those sexual fantasies. I have found that I enjoy anal, which I kinda fantasized about in an abstract way. I have learned there are all kinds of different role playing that has been a turn-on for me. Before porn, I always fantasized about threesomes since

I never had one before porn. Now, I like all the threeway combinations, but I admit I like boy-girl-girl best because I can play with a girl and have a cock available when I want it, right there and then. That's perfect for me.

**Us:** Really? Then what was your hottest threesome?

**Brooklyn:** Probably my first. As I said, I had never done a threesome before and was so excited when I got to do it. I wasn't ready for all the action where there's another person to consider. It makes you more active and attentive, especially if you want to give a good scene for the director and the viewer. But at times during the scene it

was a bit overwhelming; getting fucked by the guy and having to lick the girl's pussy. I had to learn to concentrate early on, and it's paid off.

**Us:** Any regrets?

**Brooklyn:** Not really. Since I got into it so "late" I had plenty of time to think about it and do my due diligence. Like many other girls, the lack of privacy can be unnerving. Since you work and live in kind of a bubble, you don't realize how many people are aware of you. One of the best things, and worst things, is the internet and social media. If you want to be in this business, then you have to learn to control as much of those as you can!

# THE QUEST FOR PERFECT SEX

*Is the search for earth-shattering sex ruining your sex life?*

In just a few moments his enormous prick was ready to ravage her yawning pussy once again, a massive organ more than a foot long and rigid as an iron pole. Her gigantic pink breasts rolled and heaved with excited anticipation as she climaxed spontaneously again and again. Although they'd already reached 12 spectacular orgasms together that night, there was still time before dawn for his tireless cock to send at least a dozen more tidal waves of hot semen splashing into her voluptuous mouth, her gaping anus and her incredible pussy!"

Does that describe the scene in your bedroom last night? No, mine either. Not that the woman with whom I shared sex didn't have a body that turned me on or that my penis wasn't up to doing its job. It's just that our fucking never approached the epic proportions of that orgy. And such a gap between erotic fantasy and everyday reality can pose a real problem for some people.

But what sort of sexual picture do we see in those porn flicks? It's a world of exaggeration. No one in that fantasyland ever experiences such ordinary problems as premature ejaculation, temporary impotence or plain old lack of interest. Instead, the inhabitants dwell on the brink of perfect orgasm, ready and willing to screw at any moment, while their bodies and sexual performances are so flawless they belong in a book of world records. When we're in the mood to jerk off, it's simply more fun to stroke our hard-ons or vibrate our clits as we peep at perfect people having perfect pleasure. But that's precisely where the potential problem lies.

It's so damned easy for us to start believing the exaggerated world we see portrayed in print or on the screen. And, as that fine line between dreams and reality, between shadow and substance. It's so damned easy for us to start believing the exaggerated world we see portrayed in print or on the screen. And, as that fine line between dreams and reality, between shadow and substance becomes more blurred, many people develop impossible erotic expectations. They start setting unreachable standards for themselves and their partners, then grow frustrated because their sex lives seem drab compared with the sensual marathons of the media.

"My mom was the first to point out the problem to me," says Maryanne, 22. "She was a teenager in the 1950s when the Marilyn Monroe cult was in full bloom and the first bosomy centerfolds were making their appearance without a single zit or vaccination mark on their airbrushed bodies. But, when pressed to define the role of modern erotic imag-

es in her generation, Maryanne admits that they've played a significant part in forming her own sexual psyche. "I wish I could look back on my first erotic experiences as positive and thrilling," she says, "but the fact is that they were among the greatest disappointments in my life and I blame that on my own unreal expectations.

"After years of romance novels, then sex magazines and R-rated films, I expected sex to be a glorious ride to ecstasy with a knight on a white charger making my whole body shudder with pleasure. Instead, it was this guy Ron in the back seat of a sedan, coughing and drooling while he fumbled around nervously, trying to fit his erect cock into the right opening. His penetration hurt and there were crushed potato chips on the seat under me. When he begged me take his cock into my mouth, I nearly vomited because he had such gross body odor.

"As soon as I got home that night, I threw away my sexy novels and swore off guys forever. Fortunately, it wasn't too long before I started breaking that vow and I kept at it until screwing became a pleasurable experience. But I'll never forget how bitter and disappointed I felt when sex didn't measure up to what I'd seen in the movies."

Of course, young people have been suffering disillusionment with their preconceived notions of sex and love for centuries. But with so many of today's films and hot erotica aimed at youth, disappointment with the disparity between expectation and reality has grown more widespread than ever. Even more concerning than the disillusionment that comes with early sexual experiences, which almost all of us manage to eventually overcome as we learn the erotic ropes, is temptation among practicing adults to start believing the standards foisted on them by the media.

Since sexual liberation began, psychiatrists and counselors have been jumping up and down with glee as their bank accounts fill up with profits from treating otherwise normal people trapped by devastating fears of "sexual inadequacy." Doting mothers drive their pubescent daughters to the couch with daily measurements of their burgeoning bosoms and dire warnings of failure if they don't reach Par-ton-like proportions. Miserable males stare at their naked erections in the mirror, and then rush to a shrink, begging for advice on how to handle the laughter they expect to hear from those who've seen guys in fuck films.

"I gave up the opportunity of a lifetime because I was scared to death to let a woman see me with my pants off," says Vince. "It was a few years ago when my mother's college roommate came to stay with us for a week. I was 18 and she was 38 and I had a wicked case of the stiffs for her. You know the older, more sophisticated woman thing.

"One night, when my parents went out and left us alone, I started getting up the courage to take a shot at Jennifer. But I wanted her to make the first move to signal it was okay, so I tried to play it cool and mature.

"After we sat at opposite ends of the couch watching TV for an hour, Jennifer said she was bored with everything

that was on, which gave me the chance to make my planned move. I got up and casually changed the channel. 'A friend told me about this today,' I said. I'm not sure what's on it.' That was only a white lie. I hadn't seen the flick, but my buddy, Carlos, assured me it was one of the soupiest fuck shows ever filmed.

"I was praying the lewd film would turn Jennifer into a raging nymph who'd beg for the nearest man, namely me, to jump her. And if the movie shocked her, naturally I could just claim to be an innocent lamb tricked by his friend. The pisser of it was that the plan worked perfectly. As those steamy scenes started popping up on the screen, Jennifer gasped and leaned forward for a better look. I sat down beside her, waiting for her to explode.

"Unfortunately, though, the film's topic couldn't have been worse for my ego. It was one of those king-sized cock specials about a herd of chicks running around worshipping this guy because he had a slab of meat the size of your arm sticking out of his crotch. With each close-up of this enormous cock being stroked and licked, kissed and squeezed by his slave maidens, Jennifer's eyes would bug out further and she'd moan 'Oh my God! Look at that!'

"Meanwhile, I was sinking further and further into the couch, so pitifully self-conscious of my own miniature prick that I wanted to die. After a half-hour of those monster-cock scenes, Jennifer was working herself into a frenzy of frustrated excitement. Beads of perspiration were coming

through her makeup as goose bumps broke out on her arms. She'd opened two buttons of her top, taken her shoes off and was massaging her feet and breathing rapidly.

"Suddenly, as one of the women on the screen started giving head to the guy with the fantastic prick, Jennifer lunged across the couch and kissed me on the mouth. At the same time, her hand reached down to my crotch and started trying to open the zipper on my jeans. I broke out in a cold sweat.

"'You can't let her see it!' a voice was telling me. 'After that salami on TV, she'll call yours a worm and roll over laughing!' Impulsively shoving Jennifer away, I rushed to my room, overcome with embarrassment, and cried for the first time in years. I ran away from home that night and didn't come back until I was sure Jennifer had left."

Vince's experience is hardly uncommon. While the impossible ideas we project into reality are terrible enough when they create unreal expectations in our minds about our partners or others, it's far more frequent for us to apply them to ourselves. We dwell on our perceived shortcomings and inadequacies to the point where they're the only things that seem important and the only things by which we believe other people judge us.

It's highly improbable that Jennifer expected to find a 14-inch penis hidden in Vince's jeans; if she, indeed, had her own head on straight, the immense male organ on TV merely inspired her to want a piece of cock, regardless of size. But Vince never gave her the chance and wound up in a psychological mess.

"Gerri and I tried to be everything to each other that our fantasies envisioned," recalls Will. "Up to a point that was all right, but we both ended up getting freaked by it."

"That's right," Gerri agrees. "I read some of Will's magazines and concluded that I was really falling down on the job because I never had more than one orgasm when we banged. All those girls in his stories were coming whenever a man touched them.

"I thought Will must be disappointed in me, so I started to fake it. Every time we fucked, I'd add another phony orgasm or two until it reached a level where I was screaming and kicking and pounding my fists on his back almost constantly when we had sex. At first, Will loved it. But then he started to question why this had begun happening all of a sudden. Was I taking some kind of drug? Was I really hot for another man and just using him to get off?"

"I'd felt kind of deceitful from the beginning, so it didn't take me long to confess that I'd been acting. But that only confused things more. Will began feeling guilty because he didn't give me enough real orgasms and I went back to being hung up about my lack of reaction."

"We didn't get things straightened out until we ran across an article," says Will. "Not only did it tell us that less than half of all women climax during sex and usually just once, but it also explained that a woman can be perfectly satisfied without even climaxing at all. It was totally opposite

to everything we'd seen in sex magazines and, after learning that, we both started to relax and enjoy fucking again."

No one would say that we should give up the wonderful world of fantasy which modern erotic entertainment provides. Certainly the tit man should enjoy the pleasure of watching 45-inch boobs bounce and jiggle; the beef-loving woman should ogle extraordinary male butts to her heart's content.

Sometimes a magazine or flick is the only place where a leg man can see the outrageous fishnet stockings and stiletto heels he craves or the only place a cock-hungry wife can safely realize her fantasy of watching a sun-tanned young hunk fit his foot-long shaft with a condom.

All of this is fine, just as long as we remember the role of these images in our lives—to excite us, inspire us and compel us to better sexual performances on our own. But the moment we find ourselves wondering if these things don't really represent some great truth that we've been missing out on all along. Or the moment we begin expecting them from ourselves or our partners, that's when we have to stop and recall something our parents used to tell us when we were kids frightened by a dragon or expecting to find gold at the end of the rainbow.

"It's only a story." Always keep one hand firmly grasping reality and you can enjoy using the other to reach for the stars.
